

Minnesota

Land of
10,000
Dementia Friends

by December 31 • Join the Movement!

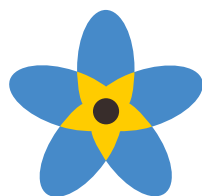

Let's Do Minnesota Proud!

September 21 is not only World Alzheimer's Day, it's also the 1-year anniversary of Minnesota as the first state to launch the Dementia Friends program. And the movement here is growing - we're well beyond 7,000 Dementia Friends already!

Can we be the Land of 10,000 Dementia Friends by December 31? Together, let's make it happen! Sign up for a Champions training, present a Dementia Friends Information Session, or attend an Information Session in your community.

Let's do Minnesota proud as a U.S. leader in the worldwide Dementia Friends effort.
